

# Workshop 3 Agenda— How to measure circularity and carbon footprint of your product

**Model:** Hybrid.

**Place:** Belgrade, Athens, Sophia, Timisoara, Podgorica, Sarajevo (the exact address will be sent to you upon registration)

**Zoom link:** <https://us02web.zoom.us/j/83306251597?pwd=SzZkcXRhNldhb0ZUWGJFUlJ6RWZMQT09>

**Time:** 24.11.2022. 10.00–13:00 h CET

This workshop organized by [Circular Economy Balkan Beacons](#) (supported by [EIT Climate-KIC](#)), encompasses state-of-the-art approaches, methodologies and tools that enable metric-driven decision making for companies and other value creating actors that wish to embark on the ship to circularity. These approaches are confirmed to be necessary or at least greatly helpful to define the position and necessary improvements in processes, products or even in systems. WE will talk about a several tools that will be unlocked though CEBB services in 2023 and will give you and your cliantes insight of their environmental, social and circularity performance.

**Lecturer:** Milan Veselinov
